This diagram illustrates the front suspension assembly, showing the relationship between various components. The main assembly includes the upper control arm (1), ball joint (2), steering knuckle (3), lower control arm (4), and various bushings and pins (5, 6, 7, 8, 9, 10, 11, 12, 13, 14). The diagram shows the assembly of the upper control arm and ball joint onto the steering knuckle, and the lower control arm onto the steering knuckle. The lower control arm is connected to the frame via a ball joint (12) and a bushing (13). The steering knuckle is connected to the lower control arm via a ball joint (14). The diagram also shows the assembly of the lower control arm and ball joint onto the steering knuckle. The diagram includes numbered callouts (1-14) and inset diagrams (13, 12) showing specific assembly details.
